Mami

The fortunate lamp collection Mami continues to fascinate with its oval lampshades which, like bubbles, transform light into pure poetry. A new wall or ceiling version now presents itself, in which the glass element becomes the absolute protagonist. The design is not only enriched in its various versions but is also renewed with a technical component, thanks to a lighting engine that spreads the light in a perfectly uniform manner.

La fortunata collezione di lampade Mami continua ad affascinare con i suoi diffusori ovali, che come bolle trasformano la luce in poesia. Nasce una nuova versione a parete o a soffitto in cui l'elemento in vetro diventa protagonista assoluto. Il progetto non si arricchisce solo nelle proposte, ma si rinnova anche dal punto di vista tecnico, grazie a un motore luminoso che consente di diffondere la luce in modo perfettamente omogeneo.
