Gems

A lighting system composed by six combinable elements: three shades in growing diameters fit onto a light source provided with a sphere and a tube. The various combinations, which are potentially infinite, are spread through a kaleidoscope of soft and gradient colours immersing the environment in a suggestive atmosphere. An intricate dovetailing game that is solved technically in an at once articulated and simple manner, like precious pearls delicately strung on a necklace of light with subdued transparencies that shape a marvellous prism of visual effects as they enter into play with the diverse textures of the finishes.

Un sistema di illuminazione che si compone di sei elementi fra loro combinabili: tre diffusori di diametri crescenti calzati su un corpo luminoso provvisto di una sfera e un tubo. I vari accostamenti, potenzialmente infiniti, creano pattern preziosi dalle delicate iridescenze e cangianti bagliori, diffusi grazie a un caleidoscopio di colori tenui e sfumati che immerge l'ambiente in atmosfere suggestive. Un gioco a incastro risolto in maniera tecnica al contempo articolata e semplice, come perle preziose infilate delicatamente lungo una collana di luce dalle soffuse trasparenze che, insieme alle consistenze eterogenee delle finiture, modellano un meraviglioso prisma di effetti ottici.

Francesca Lanzavecchia

Daring, eclectic, unconventional, and empathetic. This is Francesca Lanzavecchia's approach to design. For her, being a designer means being a researcher, engineer, artisan, and fabulists of life stories, such as those expressed by her projects. Francesca is a storyteller, a restless aesthete, and a nomadic-inspired designer. In 2010, she cofounded Lanzavecchia + Wai, a multidisciplinary design studio with Hunn Wai, based in Pavia and Singapore. Since 2012, she has served as the studio's Creative Director.

Audace, eclettico, anticonvenzionale ed empatico. È l'approccio al design di Francesca Lanzavecchia.

Per lei essere designer significa al contempo essere ricercatori, ingegneri, artigiani e narratori, affabulatori di storie di vita, come quelle espresse dai suoi progetti. Storyteller, esteta inquieta e progettista dalle ispirazioni nomadi, nel 2010 fonda con Hunn Wai lo studio multidisciplinare di design Lanzavecchia + Wai con sede a Pavia e Singapore, di cui dal 2012 è Creative Director.
